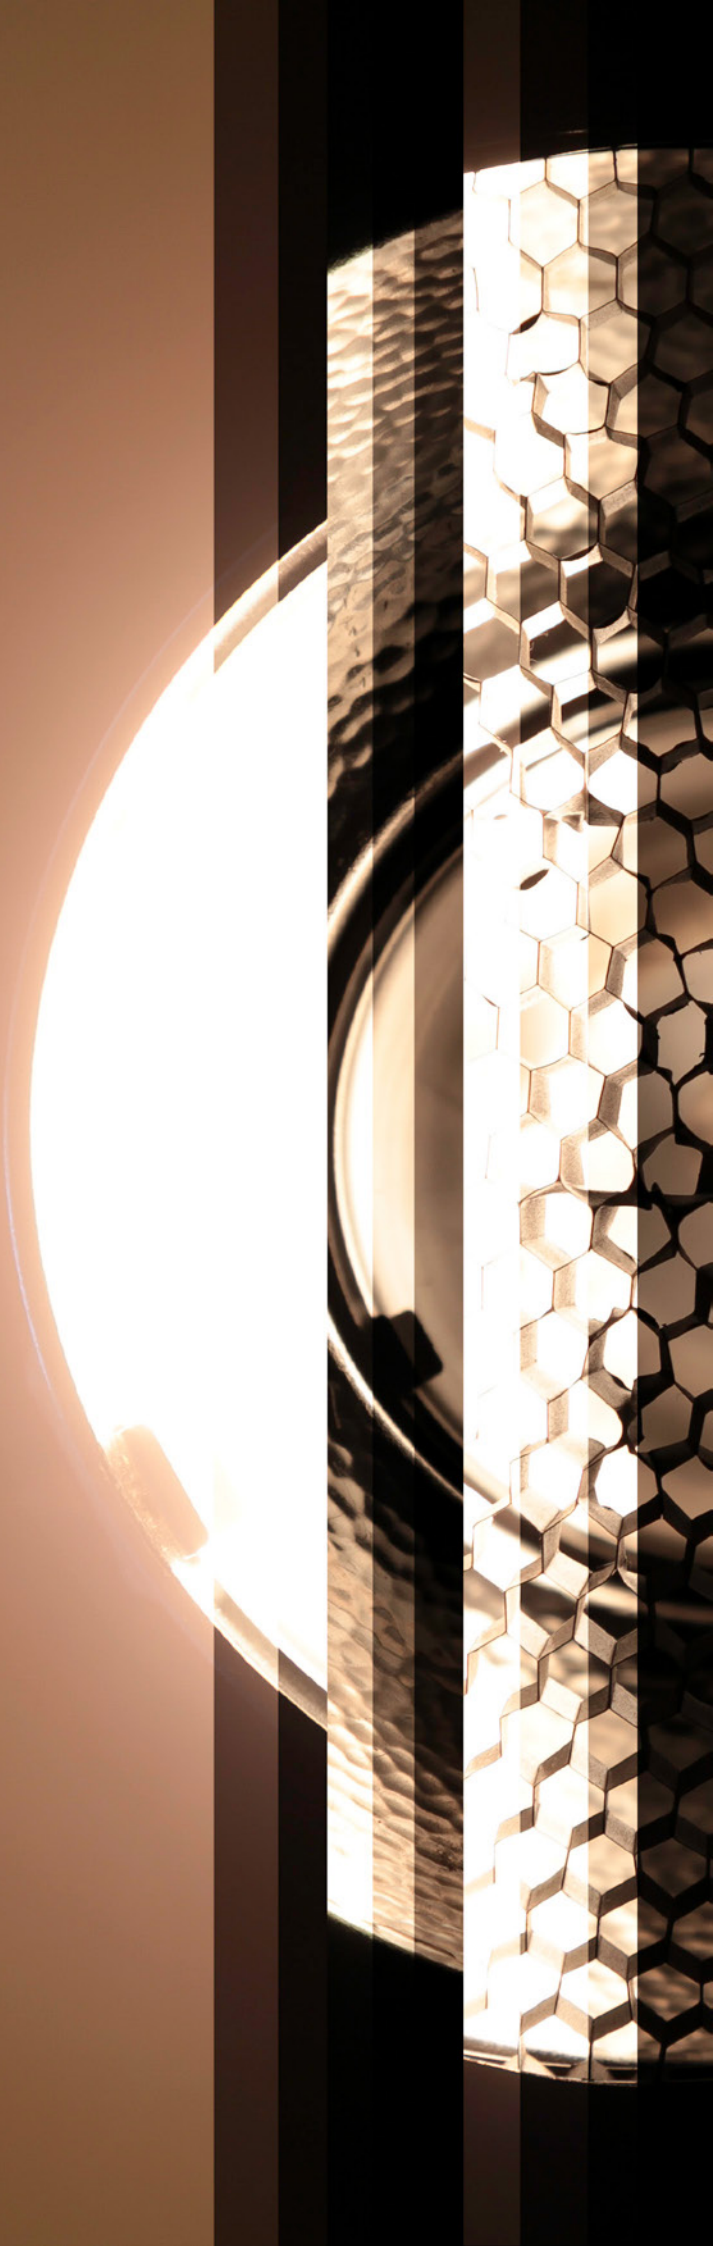
HDR studio lights



High Dynamic Range light sources
Pingo van der Brinkloev 2017
www.pingo.nu

Welcome to

HDR studio lights

This is a collection of 20 High Dynamic Range light sources.

The images are provided in HDR format and optimised for use in 3D applications supporting textured light sources.

The original colors of the lights have been retained.
- Desaturate in Photoshop (or similar) for neutral light.

Fee samples and full download available at
